

HOME WORKS

Residential Building Works
Insurance Policy

2017

Homeworks is a specially designed product for homeowners who are renovating, refurbishing or extending their homes; where the works involved are too extensive for standard home insurance providers.

By choosing HomeWorks, you will be able to provide your clients with one seamless policy for the existing structure, the contract works, the home contents and the homeowner's liability exposures for the period of the works. The policy can be written in the joint names of the homeowner and contractor and is designed to fit the requirements of standard JCT contracts.

Appetite

We provide Contract All Risk policies for building works starting at £25,000 (must be at least 10% of BSI) for homeowners looking for peace of mind cover during renovation of their property.
